LOADING DOCK

Call the Loading Dock Supervisor to discuss your moving plans, and reserve your move-in date. There are a few regulations regarding moving which you should know:

1. Initial move-in times are limited to weekday evenings after 6:00 p.m. and Saturday mornings from 8:00 a.m. until 12:30 p.m.
2. Should permission be given for extension of the above, there will be a charge billed to compensate building personnel who must be present at all times during your move.
3. Leftover moving debris (i.e., pallets, packaging materials, boxes, etc.) should not be left in the elevator lobbies, on the loading dock, or in our truck. Please contact the Chief Engineer, and for a fee we will arrange to take debris to the dump for you.
4. If any single item in your move weighs more than 500 pounds, you must contact the Construction Manager to ensure that the equipment is moved properly.
5. If you choose to use a moving company, the moving company must provide the Loading Dock Master with a Certificate of Liability Insurance prior to the **move-in date**.

If you are planning a move that will take longer than 30 minutes to complete, please contact the Loading Dock Master to arrange for after hours usage of the loading dock.

Freight Elevators are available Monday through Friday from 8:45-11:45 am and 1:15-4:30 pm.

Any packages with visible signs of damage will be rejected at arrival.

3. The delivery will be stored on the loading dock level in a secure storeroom protected by electronic access controls and digitally-recorded video. The delivery will be held in the storeroom for a maximum of 30 days, after which time it will be moved to an off-site storage location at tenant's cost, and a monthly recurring storage fee will be added to the tenant's account until the package is retrieved. The tenant will be notified before the delivery is moved off site.

4. Packages may be retrieved by visiting the second floor maintenance office during the hours of 8:30AM to 11:45AM and 1:15PM to 4:30 PM, Monday through Friday.
